ABOUT US

OUR STORY

In the tumultuous times of March 2020, when the world was grappling with the onset of the pandemic, an idea took root.

A visit to Degloor, Maharashtra, brought to light the soaring demand for protein, especially eggs, as people sought to bolster their health. However, what was disheartening was the lack of cleanliness and hygiene in the eggs available.

*It was this realization that kindled the spark of **MR. AEGGO** Eggs. Founded with a vision to provide not just eggs but a beacon of authenticity, health, and purity, our journey began.*

*Today, **MR. AEGGO** stands for premium quality eggs, strict hygiene, and complete trust.*
